(i) All present and after acquired property of the Customer;

(ii) All Products (or proceeds of sale) coming into existence after the date of the relevant Fuel Supply Agreement; and

(iii) all Equipment supplied, provided or made available by Strike to the Customer now and in the future (including, for the avoidance of doubt any Equipment which may have been supplied prior to the date of the relevant Fuel Supply Agreement);

9.3 In consideration of Strike supplying the Products to the Customer at the request of the Customer, the Customer by signing these Credit Terms:

(a) grants to Strike a "Purchase Money Security Interest" ("**PMSI**") in all Products supplied by Strike to the Customer from time to time as security for payment of the purchase price of the Products;

(b) grants to Strike a "Security Interest" ("**SI**") in all of its present and after-acquired property and in all of its present and future rights in relation to any personal property (as defined in the PPSA) from time to time as security for payment of any amount owed by the Customer to Strike and as security for the performance by the Customer of the obligations set out in these Credit Terms;

(c) agrees that any Products or proceeds of sale of the Products coming into existence after the date of these Credit Terms will come

into existence subject to the PMSI and SI granted herein and these Credit Terms without the need for any further action or agreement by any party;

(d) acknowledges that the Customer has received valuable consideration from Strike and agrees that it is sufficient; and

(e) agrees that the PMSI and SI has attached to all Products supplied now or in the future by Strike to the Customer and that the attachment of the PMSI has in no way been deferred or postponed.

9.4 Strike reserves the right to register a financing statement in the Personal Properties Securities Register to perfect the PMSI and/or SI created under these Credit Terms and/or to give notice of ownership of Equipment held, bailed and/or leased by the Customer from time to time.

9.5 The costs of registering a financing statement or a financing change statement can be charged to the Customer by Strike at Strike's complete discretion, and may, where applicable, be charged to the customer's credit account with Strike.

9.6 The Customer must promptly, on request by Strike, execute all documents and do anything else reasonably required by Strike to ensure that the PMSI and SI created under these Credit Terms constitutes a perfected security interest.

9.7 The Customer must not agree to allow any person to register a financing statement over any of the Products and/or Equipment owned by Strike or in which Strike has any PMSI and/or SI without the prior written consent of Strike and will immediately notify Strike if the Customer becomes aware of any person or entity taking steps to register a financing statement in relation to any such Products and/or Equipment.

9.8 The Customer must not allow any Equipment and/or the Products to become accessions or commingled with other goods unless Strike has first perfected any PMSI or SI that Strike has in relation to the Products.

9.9 If Strike perfects any interest (including any PMSI and/or SI) that Strike has in relation to the Products and/or any Equipment, the Customer must not do anything that results in Strike having less than the security or priority granted by the PPSA that Strike assumed at the time of perfection, subject only to the rights of a mortgagee pursuant to a registered mortgage.

9.10 The Customer irrevocably grants to Strike the right to enter upon the Customer's property or premises, without notice, and without being in any way liable

to the Customer or to any third party, if Strike has cause to exercise any of Strike's rights under Chapter 4 of the PPSA, and the Customer will indemnify Strike for any claims made by any third party as a result of such exercise.

9.11 The Customer acknowledges and agrees that:

- (a) nothing in sections 125, 132(3)(d), 142 and 143 of the PPSA will apply to these Credit Terms; and
- (b) the Security Agreement created by these Credit Terms may only be reinstated on the terms considered appropriate by Strike at its complete discretion.

9.12 The Customer acknowledges and agrees that to the full extent permitted by law and mentioned below, the following provisions of the PPSA will not apply to the enforcement of any PMSI and SI created under these Credit Terms, and the Customer waives its right to:

- (a) not have goods damaged or be inconvenienced any more than necessarily incidental if Strike removes an accession under s.92 PPSA;
- (b) to receive notice of any intention to remove an accession under s.95(1)(a);
- (c) to apply to the Court for an order postponing the removal of the "accession" or to determine the amount payable to Strike for the retention of the accession under s.97 PPSA;
- (d) to receive notice of a decision to enforce the security interest in personal property in the same way as an interest in land which secures the same obligation under s.118(1)(b)(i) PPSA;
- (e) to receive notice of the enforcement of liquid assets under s.121(4) PPSA;
- (f) to receive notice of any proposal to dispose of collateral under s.130(1)(a) PPSA;
- (g) to receive a Statement of Account if no disposal under s.132(4) PPSA;
- (h) to receive notice of any proposal to retain collateral under s.135(1)(a) PPSA; and
- (i) to receive notice of a verification statement in relation to any registration event (including registration of a financing statement or a financing change statement) relating to the PMSI and SI created under these Credit Terms under s.157 PPSA.
